## PERFECT PEAK PERFORMANCE

No one has more experience in operating your equipment than you do. Think about what could happen if you combined that experience with the service-quality of the people that built it?

PROCESSING STORAGE MIXING FILLING

The machines and equipment shown in this brochure as well as the technical parameters represent only examples of customer-specific technical solutions. We reserve the right to make changes at any time without notice! FM 047 E 4198 0822 0.5 Fe
